## Our Story

Grant—  
A little boy who is an inspiration to  
our work and dedication.

***One day, during Grant's therapy session, his therapist noticed the photo necklace his mom, Melissa, was wearing. Melissa explained she made it herself. The therapist replied, "I know someone you absolutely need to meet."***

Andrea made a set of tumbled marble "photo" coasters for her parents as a gift. With encouragement from her friends and family, she displayed her work at the Villa Restaurant in downtown Lapeer. Locals began showing interest in her work and orders were flowing in. Her hobby of turning photographs into timeless art treasures had become a full time job.

Melissa's journey began after her third son, Grant, was born. Doctors suspect Grant has a rare genetic syndrome. Melissa and Jeff suspected there was more to his condition. He did not talk, point, laugh, or cry and would not look at anyone directly. They had him tested for Autism, and Grant was diagnosed when he was 3 years old. Melissa and Jeff immediately made dietary changes and began intensive therapy for Grant. He improved rapidly and dramatically once in the therapy. Insurance would not cover the therapy that was positively changing Grants development, so Melissa began to make photo jewelry to supplement their income. This is when Grant's therapists introduced Melissa to Andrea. Two moms, each involved in their own talent, met and made an immediate connection. They "fused" their talents, and Fusion Jewelry and Tiles was born.

Out of the financial stress encountered when trying to get Grant his much needed therapy, Jeff and Melissa started a fund for other families in their area experiencing the same frustration. Lapeer Autism Family Relief Fund was begun in Grant's honor, through the Lapeer County Community Foundation, a nonprofit organization in their community. They wanted families with autistic children to have an opportunity to request and receive financial help for uncovered therapy expenses. This idea helped bring Andrea and Melissa, and Fusion Jewelry and Tiles, to their mission.

Our mission statement is this: "**We are changing the life of one ...together we can help change the lives of many.**" Our company donates a portion of our sales directly to the Lapeer Autism Family Relief Fund. We hope the fund will grow large enough to help many families in our area. Your purchase buys you two things: a unique item you will treasure for a lifetime AND the knowledge that you have helped a great cause and made a positive impact in our community.

Thank you in advance for making a difference in a child's life.
